## Profile

Brendan Preston is a modern freelance video professional who wears many hats - Producer, Director, Cinematographer, Camera Operator, Editor - or all of the above, depending on the size and scope of the project. He brings to all of these roles a creative, visually-orientated approach, and works closely with clients to deliver products and services that meet their goals in an engaging and impactful manner.

## Education Degrees

2010 | Vancouver Film School  
Film Production

2007 | Mount Allison University  
B.A. in Geography & History
