History

Husky Bus was created in 2012 as a sole proprietorship in Dawson City by owner / operator Jesse Cooke. Run by Cooke and his wife Sarah, Husky Bus had a small fleet of two 14-passenger vans, and ran a scheduled passenger service between Whitehorse and Dawson City twice weekly from May 1st till September 30th. The company grew very quickly as it got involved in local touring, sightseeing, and private charter service. Incorporated as Husky Bus Transportation & Tours Inc. in 2014, the company now provides a host of adventure tourism and transportation services.
